

Drop off & Pick up Times

Drop off times - 7-11am

Pick up times - 5pm onwards

We will message you the day before your hire to give you a 1 hour approximate time slot, please remember these times are approximate and can change.

If you require set times please make us aware on booking in, there may be a fee required depending on - what they are, the time of year, if and how much it disrupts our route.

When booking set times for venues please make sure there is enough time for us to set up and take down. You can ask on booking in how long both of these will take and how much time we recommend - bespoke to each booking. Set times must be disclosed in advance, we can not always accommodate them so it is best to let us know on booking in. If we can not retrieve our equipment from your venue / home when planned, you may be charged.
